## Field Work-Soils Mapping for Jones County Is Completed

By C. A. Rogers  
Soil Scientist  
Soil Conservation Service

The field work-soils mapping — for the Jones County Standard Soil Survey has been completed. Information as to soil type, slope, erosion, physical features, etc., has been recorded on aerial photographs. This information will be transferred to an aerial photograph of the county and will be published in a Soil Survey Report. This report will describe the soil, give recommended uses and management practices, list chemical characteristics and will give yield predictions. The report will be written the latter part of this year and should be published in 1966.

This soil information is primarily for agricultural use. However, land appraisers, road builders, city planners, pipeline companies and other groups are finding this information useful. This soils information is presently available at the Soil Conservation Service Work Unit Offices in Anson, Abilene and Stamford.

Twenty six soil series and thirty seven soil types have been mapped in Jones County. The soil Scientists in making this survey have recorded soil texture, soil depth, water intake rate and other soil characteristics. Laboratory analysis are used to check soil texture, organic matter, salinity and other chemical properties.

Soil Conservation Service, Soil Scientists Ralph Schwartz and O. A. Goyal of Abilene and A. R. Herd of Aspermont has assisted C. A. Rogers in this survey.

The Jones County Soil Survey is a part of the National Cooperative Soil Survey, which has for its goal the mapping of all agricultural land in the nation.

## Andrews Resigns; Going to Everman

Head football coach and athletic director of Hamlin High School, D. C. Andrews, announced this week that he has accepted the head football coaching position at Everman High School near Fort Worth.

Andrews has held the head coaching job here in Hamlin for the past eight years and during that time has compiled a 52-27-2 won-loss record. His team represented what is now District 5 AA in the playoffs in 1961.

Everman is an enrollment of over 400 in high school. It

is expected to become a AAA school in another three years. The fast growing school has jumped from class B to its present size in the past few years. The high school is in a new building and has a new stadium and field house.

Andrews will take one assistant to Everman with him but does not know who this will be at the present time.

The Hamlin School Board met here Monday morning and decided that they would seek an outside coach to replace Andrews. None of the present assistants will be considered for the position.

Applications are now being considered for the head coaching job and coaches may contact Superintendent C. F. Cook for further information and an application.

Andrews moved here from Memphis where he coached for two years. He coached at Sweetwater one year before that.

He is a graduate of Hardin-Simmons University where he played football. He graduated from Sweetwater High School.

## FAIRVIEW NEWS

by Elmer Joiner

Spring is trying to slip back again after another week of winter weather. When the weatherman said last Monday that the weather pattern was the same as it was the week before, he hit the nail on the head, for it was just a repetition of the week before, only maybe a bit colder. In the winter you expect broken water lines but when it happens in the spring it is rather provoking, we hear that quite a few were frozen the past week. The only good thing was the half inch of rain that fell, last Wednesday night, combined with some light snow and drizzle.

Owing to the cold weather, and illness, only thirteen of our folks went to Hanna last Wednesday night, having been invited for a fellowship meeting with their congregation. A good time was had, lots of food and coffee was on hand, which always makes for a good time, along with meeting with friends.

Several from our church also attended the Fisher and Jones meeting, Tuesday night at the First Baptist Church in Hamlin.

Mrs. Hazel McCoy and Mrs. Runt McCoy were Monday afternoon visitors of the Elmer Joiners. Mrs. McCoy, whose husband, Black McCoy, passed away in Sweetwater some two years ago, has moved to Bethany Oklahoma, where she is serving as dorm mother, for a boys dormitory, at the Bethany Nazarene college. Having been there since last fall, she is very enthused over her work and happy over her change of employment.

Last Tuesday evening, Rev. and Mrs. Kenneth Leverett, attended a dinner and meeting at Hardin-Simmons with Dr. Landes, and pastors of the area. Immediately afterward they attended the Earl Wrightson and Lois Hunt concert.

Friday evening the Leveretts attended services at the First Baptist Church, in Abilene, to hear D. Wayne Ware, who is in revival services there.

Last Tuesday afternoon the Friendship Home Demonstration Club, of Hamlin, went to Abilene, where we had a birthday party, honoring one of the patients in the Abilene State School, whom we have sponsored for many years. Having never having any contact with her, a party for the whole cottage was arranged on her birthday. There are 58 women residing in this cottage, which is ward 35, but only 43 of them were able to be present. Enough cookies and punch was carried to serve them until they had all they could eat, not just enough to make them want more. From the thrill our members received seeing the enjoyment these people received from the party, we think this was just about the most worthy project that we have ever had. Seven from the club attended, we only wish all could have shared the blessing we received from the effort we put forth, to bring this cheer to their lives.

Mrs. Elmer Joiner visited at Hendrick Hospital, Wednesday with Mrs. Lois Hampton, who had surgery, on Sunday, for a blood clot in her leg. Saturday, Mrs. Johnnie Agnew visited her, then a Sunday report is that she is recovering from the surgery nicely.

Friday morning Connie Drake was carried to the Hamlin Hospital in a serious condition, caused by a bleeding ulcer. Saturday morning he was sent to Hendrick Hospital, where there was access to a blood bank, since his type of blood had been exhausted in this area, recently. As of Sunday afternoon his condition had improved and only a small amount of blood had been used. He will have to rest and be very careful, but if the bleeding can be kept checked, he should be on the road to recovery.

Saturday afternoon, Mrs. Flavil Holmes and Mrs. Clifford Eoff accompanied Miss

Maude Drake to Abilene, to visit with her brother, and make the necessary arrangements at the Hospital. Since neither of the sisters can drive a car, it makes it very hard on them for their brother to be in the hospital.

While in the Hendrick Hospital last Wednesday ran into the family of Rufus Herbst, who is a patient at that place. Mr. Herbst, an old time resident of our community, was rather seriously ill.

The Winslow Grays and Woodrow Goodwins have been catching up on their visiting. Friday night they were guests of Mr. and Mrs. Alton Hewitt then Saturday night they visited with Mr. and Mrs. Jim Lain.

Mr. and Mrs. R. M. Jones went to Sherman over the weekend, where they visited with their son, Mr. and Mrs. Bill G. Jones and three sons. A five year old son, Jimmy, will enter the hospital on April 5, in Dallas for heart surgery, if plans are not changed as of this time. This surgery has been on the agenda for some time, but was put off until he was older.

Mr. and Mrs. Jack Wright and children, went to Snyder, Sunday after attending Sunday School. They went to his cousin's home, Mr. and Mrs. Don Wittie, where they were to be joined by another cousin, Mr. and Mrs. Jerry Hill and children, from Jal, New Mexico.

If their plans work out, we will have some exciting news about Mr. and Mrs. Joe Ford, next week. They are planning an unusual trip.

Mr. and Mrs. Roy Watts were back in church with us again Sunday. Mrs. Alma Holmes, who is visiting with her son, Mr. and Mrs. Flavil Holmes, was also a visitor in both services Sunday.

Mr. Woodrow Goodwin, Winslow Gray, Flavil Holmes and Elmer Joiner all went to the hospital in Abilene, Sunday afternoon, to see Connie Drake.

Since Mr. and Mrs. Henry had been absent for two Sundays, some of us went to see about them Sunday afternoon and found that Mrs. Henry had been ill with an ear infection. When the Henrys aren't around, there is always a good reason, for they do enjoy going places, and they are always missed. They are those kind of people that love people and love to be with them, even though they are our "senior citizens."

Mrs. Ethel Bullock, sister of Mr. Henry, was visiting them Sunday. Mrs. Bullocks home is out near Petersburg. For a short while Saturday night there was some anxious concern in our area, as the ten thirty news announced that Rex Jones, of Abilene, had drowned in a lake Saturday afternoon. The R. M. Jones do have a son named Rex, that does live in Abilene, but after some quick phone calls it was established that it was not "our" Rex, who is married to the former Lydia O'Neal. We realize that it is just as tragic for his family and our sincere sympathy goes to them, as if it had been the loved one of our friends.

### Jaycees Honor Bosses Tuesday

Jaycees from Hamlin, Haskell and Stamford honored their bosses at the Bosses Night banquet held in Haskell Tuesday evening.

Dansby and their boss, Nelson Shave and Mrs. Shave; Mr. and Mrs. Guy Weaver, and his boss, Robert Fowler, and Mrs. Fowler; Mr. and Mrs. Dewey Nunley, Mr. and Mrs. Dan Truelove, Mr. and Mrs. Roy Eisenbach and Mr. and Mrs. Bill Early.

Pied Piper Farms has reported the sale of two registered horned Hereford bulls to Lucky Hereford Ranch, Gilroy, Calif.

Editor, Hamlin Herald  
Hamlin, Texas  
Dear Sir:

I would be most appreciative if you would include this in the next issue of your paper.

We feel badly about this, but it is our fault. Through error, just not thinking, we did not give Mr. Foster this information, thus, you did not have it.

Sincerely,  
Mrs. Charles G. Rogers  
(daughter of Mrs. J. O. Parker)

On behalf of the family of Mrs. J. O. Parker, who passed away February 28, we wish to express our sincere apology that the names of her stepchildren were not included among her survivors. They are: Mr. Luther Parker, Rodeo Beach, Calif., Mrs. Dan (Dena) Branscum and Mrs. J. W. (Gracie Maberry) Hamlin, Mrs. James (Lorene) Branscum, Snyder and Mrs. Roy (Opal) Harvick, Tahoka.

We wish their many friends to know that in our grief this was a mistake of the mind and not of the heart. We love them and are appreciative of their

many kindnesses through the years, and especially their thoughtful care of our Mother during her recent illness.

We feel deeply about this, for we know our Mother would have wanted them included just as we would have. We regret this mistake, and wish that we could go back and correct it as it should have been. Since this is not possible, we offer our sincere apology with love.

The family of Mrs. J. O. Parker.

## KEEPING UP TO DATE...

### POPULAR THIS SPRING

Cottons and cotton blends are among the feminine fabric choices for spring, says Mrs. Newberry. These washable favorites are brightened by print on texture this spring. Cotton crepes are crinkled for texture and spotted with woven dots. Patterns range from interesting water colors or vivid splashes of warm colors and bold primitive prints.

Knits are bubbled and crimped — or woven with both thick and thin yarn to add interesting texture.

Many of the new fabrics have built-in boons for home sewers. Ribbon effects on solids, or tiny patterns and cording on delicate sheers, help create an illusion of hand-sew trim. Many knits are backed for added firmness and easy handling.

It is important to remember that washable fabrics make fashions only if the bindings, facings and trimmings are also safe in soap or detergent suds. Some trims benefit from prelaundering before sewing in order to avoid subsequent shrinkage.

### IF YOU USE PESTICIDES, USE CAUTION

Here are some pesticide "do's" and "don'ts" from Mrs. Mary Y. Newberry, Jones county home demonstration agent at Anson.

Do protect the skin with ap-

propriate washable or disposable covering and wash or dispose of the covering promptly.

Wash with soap and water and change clothing immediately if you spill a pesticide concentrate on skin or clothing.

Don't let pesticides come into prolonged contact with your skin, the county home demonstration agent reminds.

Read the label before you buy a pesticide. Then buy the correct product for your purpose. Check whether it's effective against the insect or pest you want to use it on.

If you plan to use it in your home, make sure the product can be used safely there.

### SAVE THOSE INCOME TAX RETURNS

The statute of limitations on income taxes is nonexistent where the Treasury can prove fraud. The questions then arises as to how much right the Treasury has to go back to the records of closed years in search of fraud. A supreme Court decision gives the tax collectors virtual carte blanche.

Th taxpayer has the burden of showing that an abuse would result if such examination were made, and the fact that the year is closed is not proof of an abuse. Taxpayers who are in the habit of destroying their records after the statute of limitations has passed should change their practice.

Suggested time limit? None.

The cast consists of: Fidel, played by Gary Caudle; Berta, by Sheila Stone; Salome, by Nancy Ford; Tonia, by Jane Ferguson; and Celestina, by Margie Young. Mrs. Scott, the director, was assisted by Paula Kim.

## Zing into spring! Corvair by Chevrolet

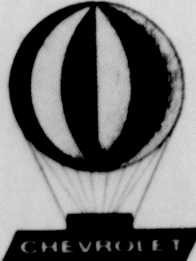

The steering's crisper, the ride's flatter, the style's racier—even the grass looks a shade greener from behind the wheel of this new Corvair

For all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corvair Corsa

out on the road doesn't register on the dash. It registers on you.

You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new fully independent suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version).

Drop down to your dealer's now—while the trading's extra good—and see for yourself.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Farmers, especially those living near large cities, would get a big tax break under a constitutional amendment now pending in a House Committee.

Bill by Rep. W. T. (Bill) Dungan of McKinney, calls for farm land being used for agricultural purposes to be taxed on its productive capacity, instead of its market value.

Witnesses testifying before the House Constitutional Amendments Committee said that in some cases taxes exceed the dollar-yield of the land being used for farming or ranching. In those cases, pressure to sell the land for residential or commercial development virtually is impossible to resist.

Testifying in favor of the resolution, Rep. Alonzo Jamison of Denton said Texas soon may get to the point when only people with city jobs will be able to afford land in the countryside.

Other supporters were representatives of the Texas Farm Bureau, the Texas Farmers Union, the South Texas Milk Producers Association and farm bureaus of Nueces and Hays counties.

Dungan said the proposal provides for land to be assessed at lower rates so long as it is in agricultural use.

At the time the land is taken out of agricultural production, it would have a lien for the difference between the agricultural tax evaluation and the market value the seven preceding years. Tax would be payable either by the farmer or the buyer.

**STUDENT LOANS** — Texas students from junior college to graduate school level would be able to get state-financed loans to pay for their education under a proposed constitutional amendment due to go to voters in November.

Senate approved the measure by Rep. George Hinson of Mineola to set up a \$75,000, 000 bond-supported loan fund. State, denominational, private college and university students would be eligible to borrow sums for tuition and reasonable living expenses. Loans would be repayable in 10 years at four to four and half per cent interest.

Gov. John Connally recommended the program in his message to the Legislature last January.

If voters approve the plan, Hinson estimates \$28,000,000 to \$32,000,000 will be borrowed by Texas students within the next two years.

**LONGER TRUCKS PERMITTED** — Larger trucks, twin trailer trucks and three unit combinations soon may be

traveling Texas highways. A bill passed and sent to the governor will extend maximum length of single trucks from 35 to 40 feet and tractor-trailer maximum from 50 to 55 feet.

Three-unit combinations up to 65 feet long, now not allowed, will be permitted on Texas highways.

**DRINKING HOUR CHANGES** — Bars would stay open later and liquor stores close earlier under a House Liquor Regulations Committee recommendation.

Committee okayed a bill by Rep. Dick McKissack of Dallas to extend beer-drinking hours to 2 a. m. seven days a week and make beer available at noon instead of 1 p. m. on Sundays.

Also approved was a bill by Rep. L. DeWitt Hale of Corpus Christi to close package stores at 8 p. m. instead of 10 p. m. Exception would be hotel room service which would be permitted until 10 p. m.

Hale said his bill would help curb liquor store burglaries by closing during hours when most holdups occur.

Committee also heard testimony on a bill regulating liquor sales to minors. It places the burden of responsibility on the purchaser rather than on the seller. Bill calls for Texas Liquor Control Board identification cards for persons age 21 and over.

Retailer could require that cards be shown before making a sale. Misuse of identification cards or misrepresentation in acquiring them would subject purchaser to fine and jail term.

**ELECTION INVALIDATED** — A justice of the peace and a constable elected by write-in votes in Mitchell County last November cannot hold their offices because at the time of the election the precincts for which they were elected did not exist, Atty. Gen. Waggoner Carr ruled.

An order of the commissioners court changing precinct boundaries had been entered, but it was made effective January 1.

However, Carr added that it is perfectly lawful for persons to be elected to an office which is not printed on a ballot by writing in the name of the office and the name of the persons they wish to vote for. Election in this manner is valid even if only a small number of persons participate.

**APPOINTMENTS ANNOUNCED** — Four University of Texas regents have been named by Governor Connally. Three of them were confirmed by the Senate a few days later.

Connally reappointed W. W. Heath of Austin. Also named were Jack S. Josey of Houston, W. H. Bauer of Port Lavaca and former Congressman Frank N. Ikard of Wichita Falls. Josey, Bauer and Heath were speedily confirmed. Ikard, who is working in New York, has not been interviewed by the Senate nominations committee.

Connally also announced nine appointments to the Texas State Historical Survey Committee. Re-appointees are Patrick E. Taggart of Waco, Charles R. Woodburn of Amarillo, Edward H. Harte of Corpus Christi, and Lewis R. Timbelake of Austin. Others named are R. Don Thorne of El Paso, Thomas C. Unis of Dallas, Harold L. Kennedy of Palestine, A. M. Pate Jr. of Fort Worth and Robert L. Lowry of Houston.

**RURAL PHONE SERVICE HIT** — Rural citizens are open to discrimination by some telephone companies, House State Affairs Committee was told.

Witnesses from East, Central and North Texas testified at a hearing in favor of a bill to give commissioners courts or a state commission power to regulate rural area telephone rates.

Bill by Reps. Dick Cherry of Waco and James D. Cole of Greenville was sent to subcommittee.

**STATE PARK IMPROVEMENTS** — Nearly 100 piney woods residents jointly presented Governor Connally the report of the Big Thicket Park Study Commission.

Included were recommendations that an additional 2,000 acres be acquired for the Alabama-Coushatta Indian Reservation, that a 200-acre camping area be set aside immediately south of the reservation; that a 10,000-acre Big Thicket State Forest be created south of the camp area; that 15,000 acres be acquired and designated as a Wildlife and Wilderness Area; and that 90 percent of the Big Thicket country be retained for private uses, but kept in charac-

ter with the park project.

Texas Highway Department meanwhile announced plans to construct improvements on FM 1915 to make Caddo Lake more accessible to Northeast Texas residents. Project is part of the department program of working with local areas in developing recreational resources.

**CAR PROPERTY TAX BOOSTED** — Auto owners would have to show proof that they have paid their vehicle property taxes before they could get license plates under a bill approved by the House Revenue and Tax Committee.

Bill by Rep. John Traeger of Seguin, familiar to legislators from past sessions, now is on House calendar for debate.

**GAMBLING CURB OFFERED** — Proponents of legalized horse betting have a rival in a proposed constitutional amendment sponsored by Rep. Rayford Price of Frankston to prohibit all forms of

organized gambling.

"The unluckiest thing I ever saw to the little ponies," lamented Rep. V. E. (Red) Berry of San Antonio, perennial champion of horse racing.

**MEDICAL AID ADVANCES** — Bill to set up assistance payments for medical and hospital attention to persons over 65 who are not on the Old Age Assistance rolls is taking a speedy trip through the House.

Bill makes it possible for the state to take advantage more extensively of federal matching funds available under the Kerr-Mills program.

In the Senate, the bill probably will be held up pending action by Congress on new legislation for medical aid to the aged. Senate may write in provisions allowing Texas to participate in the newer programs before passing the bill. If this is done, then the final details would be worked out by a conference committee of members from both chambers.

**FEBRUARY BUILDING DOWN** — Total building in Texas during February was eight per cent less than February of 1964. However, it was a five per cent increase over January.

Bureau of Business Research at University of Texas also reports that new residential construction of \$52,800,000 for the month was down 18 per cent from the same period last year. Non-residential building totalled \$47,600,000.

**SHORT SNORTS** — A bill to let county commissioners enforce speeding and littering laws on public beaches passed the Senate and went

to the House.

A proposed constitutional amendment by Sen. Grady Hazlewood of Amarillo which would have kept the state and local governments from interfering with discrimination in property sales died a quiet death as a Senate committee holding a hearing on it was confronted with a large group of opposing clergymen.

A Senate committee approved a bill by Sen. Jim Bates of Edinburg authorizing 18 per cent bank rates for loans up to \$12,000.

Senate approved four-year terms for governor and other statewide officials.

State government would go on smoothly if a third of the Texas Constitution were repealed, Rep. Carl Parker argued in support of bill to set up a Constitutional Revision Commission.

Proposal to change the name of East Texas College at Commerce to "East Texas State University" received final legislative clearance and was sent to the governor.

## Neinda Philosopher Doubts Man's Interest In Space Will Dampen His Interest In Himself

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 looks at one aspect of space exploration this week.

Dear Editor:

During the flight of the two astronauts around the world which I watched from start to finish on television—I didn't use the occasion to take off from work because it was something special. I'm way ahead of most people. I didn't have to wait till space exploration arrived to take off from work, been doing it for years on my own—a television commentator came on and told how such exploits are widening the horizons of man and making earthly feats seem commonplace.

He seemed positive that the wonders of the earth are losing out to the wonders of space, that hitting an exact spot on the moon with a television camera-bearing rocket or maneuvering a rocket ship around in space and bringing it down where you want to will dampen man's interest in the ordinary things.

I'm afraid the moonbeams have gotten him.

As exciting as it is to see man explore space, a fire down the street will still outdraw a moonshot, a rain when you need it is more exciting than finding out how deep the lava dust is on Mars, a wreck still stops traffic on the highways, a fist fight in

the stands outdraws the playing on the field, sports are more fun than space, especially if you have a son on the team, and where's the man who wouldn't take his eyes off an orbiting rocket to pick up a five-dollar-bill fluttering on the ground?

Watching a man land on the moon will be over-powering excitement the first time it's pulled off, but from then on year after year watching the grass turn green in the spring will be more fun. An astronaut traveling six months to a distant planet will, after he gets there and looks around and reports his blood pressure, start wondering more keenly what his kids at home are doing.

Undstand, I'm in favor of all this exploring, let's not stop, but is it true they're coming out next year with a car without a steering wheel?

Yours faithfully,  
J. A.

## Pied Piper Farms Enrolls Herd In Association Record Service

Kansas City, Mo. F. Barry Moore Hamlin Hereford breeder, has enrolled his herd of cattle in the Total Performance Records Service of the American Hereford Association. The announcement was made by the Association of officials in Kansas City.

In expanding its service to Hereford breeders and to accumulate information for future research value in breed improvement, the American Hereford Association inaugurated a system of recording performance. The new Registry, which will be combined with the Association's present activity in evaluating the performance of herd sires through feedlot gain and carcass traits of their progeny, show ring records as gained through the Association's Register of Merit system, and its present pedigree registry, will round out the Association's "TPR" (Total Performance Records), a means of helping breeders gain more information and make it a matter of record in all phases of performance — total performance — of their cattle.

The traits measured and recorded in addition to show ring performance of off-spring are: Fertility (Calf Crop Percentage); Mothering Ability; Conformation as it contributes to Structural Soundness and Carcass Desirability; Rate and Efficiency of Growth and Gain When Applied to Available Feed; Carcass quality including proportion of

Preferred Cuts, and Longevity of Production.

The method by which breed improvement will continue remains that of good sound judgement in selection. Good records — complete and impartial — are helpful tools in identifying genetically superior cattle within a herd that has outstanding production ability. Factual information combined with sound judgement in its application will provide a basis for future breed improvement.

# OLD GLORY...

by Judy White  
Saturday, April 3rd, is Trustee Election Day. Old Glory School District will elect three trustees. Old Glory will elect three trustees. Only three names will be listed on the ballot. They are Open Bladree and Jack Jones incumbents, and George Rhoads.

In the County Board election, Louis Spitzer in Precinct 1 and W. D. Thornton in Precinct 2 have both filed for re-election. Both are unopposed on the ballot.

Two interesting demonstrations are in store for the Old Glory Adult Homemaking classes, according to Betty Sadberry, the teacher. On Thursday, April 1, Mrs. Conner from Conner Nursery and Florel Co. in Haskell will give flower arrangement demonstrations. Then on the following Monday afternoon, April

5, Mrs. C. F. Clark of Stamford representing Merle Norman Cosmetics will give facial demonstrations. Visitors are welcome to come see the demonstrations or at other times. The class meets regularly on Thursday afternoons.

The Old Glory FHA hosted a Beeline Fashion Party in the Homemaking room on Monday, March 22. About twenty-five women attended. The party netted a commission of \$12.20 for the FHA Fund.

The Variety Club met in the home of Mrs. W. G. Wienke on March 23rd. Games of Bridge and 84 were played, and refreshments were served. Thirteen members were present.

The group made plans for the all day quilting held in the old Church of Christ building on March 30th. The quilt

is for a lady in Stamford. These ladies do custom quilting to raise money for the club treasury.

The next meeting will be in the home of Mrs. Lynn Flowers on April 13th.

Mr. and Mrs. H. G. Klump received news from their granddaughter, Mrs. Bill (Gayle) Kolb, and her husband who are stationed at the U. S. Air Force Base in Sembach, Germany, that the couple left March 26, for a trip to tour The Holy Land. They left by plane from Sembach to tour the following cities: Luxembourg, Jerusalem, Athens, Damascus, Jericho, Bethany, Samaria, Mt. Olives and other important places. They have reservations to stay at the Mt. of Olives Hotel, visit the place of Christ's Ascension, attend church for Protestants in the Garden of Gethsemane. They will see the Dead Sea which is 1297 ft. below sea level. It is 46 miles long, 9 1-2 miles wide.

They are to return April 1. This is a wonderful opportunity for the airman and his wife. The Kolbs went to Germany last summer to stay 3 years. Mrs. Kolb's parents are Mr. and Mrs. (Pete) Elliott, of Arlington, Texas, and his parents also live there.

Mrs. Dale Raney of Haskell and her sister, Hazel Trice, of Stamford were dinner guests Sunday in the home of their sister, Mrs. A. F. House and Mr. House.

Leveretts and Mrs. Leverett's mother Mrs. Garland, also Mrs. Noma Ditzel and Mr. and Mrs. Jack Powers and Julie at Eula.

Mr. and Mrs. Charlie Letz attended a Shriner's convention and Family Night in Wichita Falls last Saturday.

The members of the Senior Class and teachers in the Old Glory School were honored by the Junior Class last Saturday night at the annual Junior-Senior Banquet in the school cafeteria.

The theme was Evening in Paris. The speaker for the occasion, was Robert Scales from Hardin-Simmons, introduced by Jerry Johnston. Danny Letz welcomed the guests, Stanley Diers gave the response, Danny Lammert gave the prophecy and Merrilyn Flow the class will. "The Poodles" a group of Junior boys furnished the entertainment.

Mr. and Mrs. Roy Wienke of Lubbock were here last week end visiting relatives and friends. W. G. Wienke, Roy's father who has been in a rest home in Lubbock, came home with them for a short stay.

Sergeant Pope, permanently assigned as an aircraft mechanic at Andersen AFB, Guam, was part of the force stationed at airborne and land base positions along the orbital path. He was there to assist if needed in the all-important task of recovering the two astronauts and their Gemini capsule.

The sergeant attended McCaulley High School. His wife, Joy, is the daughter of E. M. Hames of 636 N. Central Ave., Hamlin.

Three members of the Hamlin Business and Professional Women's Club attended the Musical Tea in Stamford Sunday afternoon presented by the four clubs of the Woman's Forum. ## Andrews Resigns; Going to Everman

Head football coach and athletic director of Hamlin High School, D. C. Andrews, announced this week that he has accepted the head football coaching position at Everman High School near Fort Worth.

Andrews has held the head coaching job here in Hamlin for the past eight years and during that time has compiled a 52-27-2 won-loss record. His team represented what is now District 5 AA in the playoffs in 1961.

Everman is a class AA school with an enrollment of over 400 in high school. It

is expected to become a AAA school in another three years. The fast growing school has jumped from class B to its present size in the past few years. The high school is in a new building and has a new stadium and field house.

Andrews will take one assistant to Everman with him but does not know who this will be at the present time.

The Hamlin School Board met here Monday morning and decided that they would seek an outside coach to replace Andrews. None of the present assistants will be considered for the position.

Applications are now being considered for the head coaching job and coaches may contact Superintendent C. F. Cook for further information and an application.

## MAC'S FOOD MARKET

## FAIRVIEW NEWS

by Elmer Joiner  
Spring is trying to slip back again after another week of winter weather. When the weatherman said last Monday that the weather pattern was the same as it was the week before, he hit the nail on the head, for it was just a repetition of the week before, only maybe a bit colder. In the winter you expect broken water lines but when it happens in the spring is rather provoking, we hear that quite a few were frozen the past week. The only good thing was the half inch of rain that fell, last Wednesday night, combined with some light snow and drizzle.

Owing to the cold weather, and illness, only thirteen of our folks went to Hanna last Wednesday night, having been invited for a fellowship meeting with their congregation. A good time was had, lots of food and coffee was on hand, which always makes for a good time, along with meeting with friends.

Several from our church also attended the Fisher and Jones meeting, Tuesday night at the First Baptist Church in Hamlin.

Mrs. Hazel McCoy and Mrs. Runt McCoy were Monday afternoon visitors of the Elmer Joiners. Mrs. McCoy, whose husband, Black McCoy, passed away in Sweetwater some two years ago, has moved to Bethany Oklahoma, where she is serving as dorm mother, for a boys dormitory, at the Bethany Nazarene college. Having been there since last fall, she is very enthused over her work and happy over her change of employment.

Last Tuesday evening, Rev. and Mrs. Kenneth Leverett, attended a dinner and meeting at Hardin-Simmons with Dr. Landes, and pastors of the area. Immediately afterward they attended the Earl Wrightson and Lois Hunt concert.

Friday evening the Leveretts attended services at the First Baptist Church, in Abilene, to hear D. Wayne Ware, who is in revival services there.

Last Tuesday afternoon the Friendship Home Demonstration Club, of Hamlin, went to Abilene, where we had a birthday party, honoring one of the patients in the Abilene State School, whom we have sponsored for many years. Having never having any contact with her, a party for the whole cottage was arranged on her birthday. There are 58 women residing in this cottage, which is ward 35, but only 43 of them were able to be present. Enough cookies and punch was carried to serve them until they had all they could eat, not just enough to make them want more. From the thrill our members received seeing the enjoyment these people received from the party, we think this was just about the most worthy project that we have ever had. Seven from the club attended, we only wish all could have shared the blessing we received from the effort we put forth, to bring this cheer to their lives.

Mrs. Elmer Joiner visited at Hendrick Hospital, Wednesday with Mrs. Lois Hampton, who had surgery, on Sunday, for a blood clot in her leg. Saturday, Mrs. Johnnie Agnew visited her, then a Sunday report is that she is recovering from the surgery nicely.

Friday morning Connie Drake was carried to the Hamlin Hospital in a serious condition, caused by a bleeding ulcer. Saturday morning he was sent to Hendrick Hospital, where there was access to a blood bank, since his type of blood had been exhausted in this area, recently. As of Sunday afternoon his condition had improved and only a small amount of blood had been used. He will have to rest and be very careful, but if the bleeding can be kept checked, he should be on the road to recovery.

Saturday afternoon, Mrs. Flavil Holmes and Mrs. Clifford Eoff accompanied Miss

Maude Drake to Abilene, to visit with her brother, and make the necessary arrangements at the Hospital. Since neither of the sisters can drive a car, it makes it very hard on them for their brother to be in the hospital.

While in the Hendrick Hospital last Wednesday ran into the family of Rufus Herbst, who is a patient at that place. Mr. Herbst, an old time resident of our community, was rather seriously ill.

The Winslow Grays and Woodrow Goodwins have been catching up on their visiting. Friday night they were guests of Mr. and Mrs. Alton Hewitt then Saturday night they visited with Mr. and Mrs. Jim Lain.

Mr. and Mrs. R. M. Jones went to Sherman over the weekend, where they visited with their son, Mr. and Mrs. Bill G. Jones and three sons. A five year old son, Jimmy, will enter the hospital on April 5, in Dallas for heart surgery, if plans are not changed as of this time. This surgery has been on the agenda for some time, but was put off until he was older.

Mr. and Mrs. Jack Wright and children, went to Snyder, Sunday after attending Sunday School. They went to his cousin's home, Mr. and Mrs. Don Wittie, where they were to be joined by another cousin, Mr. and Mrs. Jerry Hill and children, from Jal, New Mexico.

If their plans work out, we will have some exciting news about Mr. and Mrs. Joe Ford, next week. They are planning an unusual trip.

Mr. and Mrs. Roy Watts were back in church with us again Sunday. Mrs. Alma Holmes, who is visiting with her son, Mr. and Mrs. Flavil Holmes, was also a visitor in both services Sunday.

Mr. Woodrow Goodwin, Winslow Gray, Flavil Holmes and Elmer Joiner all went to the hospital in Abilene, Sunday afternoon, to see Connie Drake.

Since Mr. and Mrs. Henry had been absent for two Sundays, some of us went to see about them Sunday afternoon and found that Mrs. Henry had been ill with an ear infection. When the Henrys aren't around, there is always a good reason, for they do enjoy going places, and they are always missed. They are those kind of people that love people and love to be with them, even though they are our "senior citizens."

Mrs. Ethel Bullock, sister of Mr. Henry, was visiting them Sunday. Mrs. Bullocks home is out near Petersburg.

For a short while Saturday night there was some anxious concern in our area, as the ten thirty news announced that Rex Jones, of Abilene, had drowned in a lake Saturday afternoon. The R. M. Jones do have a son named Rex, that does live in Abilene, but after some quick phone calls it was established that it was not "our" Rex, who is married to the former Lydia O'Neal. We realize that it is just as tragic for his family and our sincere sympathy goes to them, as if it had been the loved one of our friends.

### Jaycees Honor Bosses Tuesday

Dancy and their boss, Nelson Shave and Mrs. Shaver; Mr. and Mrs. Guy Weaver, and his boss, Robert Fowler, and Mrs. Fowler, Mr. and Mrs. Dewey Nunley, Mr. and Mrs. Dan Truelove, Mr. and Mrs. Roy Eisenbach and Mr. and Mrs. Bill Early.

### Letter to Editor

Editor, Hamlin Herald  
Hamlin, Texas  
Dear Sir:

Dallas, Texas  
Mar. 29, 1965  
I would be most appreciative if you would include this in the next issue of your paper.

We feel badly about this, but it is our fault. Through error, just not thinking, we did not give Mr. Foster this information, thus, you did not have it.

Sincerely,  
Mrs. Charles G. Rogers  
(daughter of Mrs. J. O. Parker)

On behalf of the family of Mrs. J. O. Parker, who passed away February 28, we wish to express our sincere apology that the names of her stepchildren were not included among her survivors. They are: Mr. Luther Parker, Rosendo Beach, Calif., Mrs. Dan (Dena) Branscum and Mrs. J. W. (Gracie Maberry), Hamlin, Mrs. James (Lorene) Branscum, Snyder and Mrs. Roy (Opal) Harvick, Tahoka.

We wish their many friends to know that in our grief this was a mistake of the mind and not of the heart. We love them and are appreciative of their

many kindnesses through the years, and especially their thoughtful care of our Mother during her recent illness.

We feel deeply about this, for we know our Mother would have wanted them included just as we would have. We regret this mistake, and wish that we could go back and correct it as it should have been. Since this is not possible, we offer our sincere apology with love.

The family of Mrs. J. O. Parker.

### POPULAR THIS SPRING

Cottons and cotton blends are among the feminine fabric choices for spring, says Mrs. Newberry. These washable favorites are brightened by print on texture this spring. Cotton crepes are crinkled for texture and spotted with wove dots. Patterns range from interesting water colors or vivid splashes of warm colors and bold primitive prints.

Knits are bubbled and crimped — or woven with both thick and thin yarn to add interesting texture.

Many of the new fabrics have built-in boons for home sewers. Ribbon effects on solids, or tiny patterns and cording on delicate sheers, help create an illusion of hand-sew trim. Many knits are backed for added firmness and easy handling.

It is important to remember that washable fabrics make fashions only if the bindings, facings and trimmings are also safe in soap or detergent suds. Some trims benefit from prelaundering before sewing in order to avoid subsequent shrinkage.

### IF YOU USE PESTICIDES, USE CAUTION

Here are some pesticide "do's" and "don'ts" from Mrs. Mary Y. Newberry, Jones county home demonstration agent at Anson.

Do protect the skin with ap-

propriate washable or disposable covering and wash or dispose of the covering promptly.

Wash with soap and water and change clothing immediately if you spill a pesticide concentrate on skin or clothing.

Don't let pesticides come into prolonged contact with your skin, the county home demonstration agent reminds.

Read the label before you buy a pesticide. Then buy the correct product for your purpose. Check whether it's effective against the insect or pest you want to use it on.

If you plan to use it in your home, make sure the product can be used safely there.

### SAVE THOSE INCOME TAX RETURNS

The statute of limitations on income taxes is nonexistent where the Treasury can prove fraud. The questions then arises as to how much right the Treasury has to go back to the records of closed years in search of fraud. A supreme Court decision gives the tax collectors virtual carte blanche.

The taxpayer has the burden of showing that an abuse would result if such examination were made, and the fact that the year is closed is not proof of an abuse. Taxpayers who are in the habit of destroying their records after the statute of limitations has passed should change their practice.

Suggested time limit? None.

## District Contests Keeping HHS Students Busy Getting Ready

by Nancy Ford  
Carolyn Reynolds  
Marolyn Reynolds

Although there are only seven weeks of school left for the busy students of Hamlin High, activities mount and mount. Extra work and preparation are being done for the U. I. L. events, track meets, club meetings, and various activities.

Tuesday, March 30, Hamlin's entry was a play entitled "Sunday Costs Five Pesos." The play is based on an old Mexican law that is still enforced in many small villages in Mexico: "A woman who starts a fight on Sunday must pay a fine of five pesos. The cast consists of: Fidel, played by Gary Cauble; Berta, by Sheila Stone; Salome, by Nancy Ford; Tonia, by Jane Ferguson; and Celestina, by Margie Young. Mrs. Scott, the director, was assisted by Paula Kim.

The District University Interscholastic League Literary and Academic Events will be held Saturday, April 3, in Stamford. Hamlin has entries in Extemporaneous Speaking, Persuasive Speaking, Poetry Interpretation, Prose Reading, Ready Writing, Spelling, Typing, Shorthand, and Number Sense.

The Piper Band is preparing for the U. I. L. Concert and Sightreading Contest to be held in Snyder April 9. Because the band won a first division in marching contest in the fall, a first in both these events will give the band a sweepstakes rating.

Sports around HHS are still jumping. Friday afternoon, April 2, a freshman track meet will be held at the track field. Saturday, the HHS track team will compete in events at the Ranger Track Meet.

In a practice match last week, the Senior Boy's Tennis Team defeated Stamford, Robert Pearce won his singles match 6-2, 6-1. Allen Cumbie and Danny Contreras won their doubles match 6-1, 6-1.

Also engaging in contests are the FFA boys. Saturday, March 27, ten boys represented Hamlin at the Sweetwater Judging Contest. Wayne Gruben, Randy George, Bobby White, and Reginald Wells judged in the livestock division while Joe Adams, Larry McCoy, Donnie Jones, Raymond Nichols, and Bobby Moore judged the Dairy Cattle.

Participating in the ACC Judging Contest held Monday, March 29, was Randy George, Rickey Acklin, Wayne Gruben, Holman Jones, Bobby Moore, and Reginald Wells.

A delightful breakfast was served to the FFA members Friday morning, March 26. Since afternoons and evenings are filled with activities, seven-thirty was a wonderful time to have an FFA meeting. Various business was discussed, along with the planning of the activities for FFA Week which is to be observed April 3-9. To begin the week, the girls will attend the Church of Christ as a group. Each year the organization selects a different church.

The theme for the National Honor Society Clean-Up Campaign this week is "Good Samaritan Week." Bulletin boards and slogans are emphasizing such thoughts as "Climb the Ladder of Success by Helping Others" and "The Vocation of Every Man and Woman is to Serve Other People."

Mr. and Mrs. W. W. Hunter of Hamlin are the parents of a son born March 28 at 1:13 p. m. He weighed 7 lbs. 10 oz. and was named John Oliver.

## Zing into spring! Corvair by Chevrolet

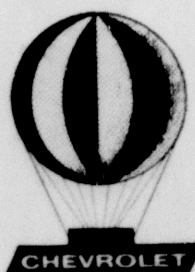

The steering's crisper, the ride's flatter, the style's racier—even the grass looks a shade greener from behind the wheel of this new Corvair

For all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corvair Corsa

out on the road doesn't register on the dash. It registers on you.

You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new fully independent suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version).

Drop down to your dealer's now—while the trading's extra good—and see for yourself.

AUSTIN, Tex. — Farmers, especially those living near large cities, would get a big tax break under a constitutional amendment now pending in a House Committee.

Bill by Rep. W. T. (Bill) Dungan of McKinney, calls for farm land being used for agricultural purposes to be taxed on its productive capacity, instead of its market value.

Witnesses testifying before the House Constitutional Amendments Committee said that in some cases taxes exceeded the dollar-yield of the land being used for farming or ranching. In those cases, pressure to sell the land for residential or commercial development virtually is impossible to resist.

traveling Texas highways.

A bill passed and sent to the governor will extend maximum length of single trucks from 35 to 40 feet and tractor-trailer maximum from 50 to 55 feet.

Three-unit combinations up to 65 feet long, now not allowed, will be permitted on Texas highways.

**DRINKING HOUR CHANGES** — Bars would stay open later and liquor stores close earlier under a House Liquor Regulations Committee recommendation.

Committee okayed a bill by Rep. Dick McKissack of Dallas to extend beer-drinking hours to 2 a. m. seven days a week and make beer available at noon instead of 1 p. m. on Sundays.

Also approved was a bill by Rep. L. DeWitt Hale of Corpus Christi to close package stores at 8 p. m. instead of 10 p. m. Exception would be hotel room service which would be permitted until 10 p. m.

Hale said his bill would help curb liquor store burglaries by closing during hours when most holdups occur.

Committee also heard testimony on a bill regulating liquor sales to minors. It places the burden of responsibility on the purchaser rather than on the seller. Bill calls for Texas Liquor Control Board identification cards for persons age 21 and over.

Retailer could require that cards be shown before making a sale. Misuse of identification cards or misrepresentation in acquiring them would subject purchaser to fine and jail term.

**ELECTION INVALIDATED** — A justice of the peace and a constable elected by write-in votes in Mitchell County last November cannot hold their offices because at the time of the election the precincts for which they were elected did not exist, Atty. Gen. Waggoner Carr ruled.

An order of the commissioners court changing precinct boundaries had been entered, but it was made effective January 1.

However, Carr added that it is perfectly lawful for persons to be elected to an office which is not printed on a ballot by writing in the name of the office and the name of the persons they wish to vote for. Election in this manner is valid even if only a small number of persons participate.

**APPOINTMENTS ANNOUNCED** — Four University of Texas regents have been named by Governor Connally. Three of them were confirmed by the Senate a few days later.

Connally reappointed W. W. Heath of Austin. Also named were Jack S. Josey of Houston, W. H. Bauer of Port Lavaca and former Congressman Frank N. Ikard of Wichita Falls. Josey, Bauer and Heath were speedily confirmed. Ikard, who is working in New York, has not been interviewed by the Senate nominations committee.

Connally also announced nine appointments to the Texas State Historical Survey Committee. Reappointees are Patrick E. Taggart of Waco, Charles R. Woodburn of Amarillo, Edward H. Harte of Corpus Christi, and Lewis R. Timbelake of Austin. Others named are R. Don Thorne of El Paso, Thomas C. Unis of Dallas, Harold L. Kennedy of Palestine, A. M. Pate Jr. of Fort Worth and Robert L. Lowry of Houston.

**RURAL PHONE SERVICE HIT** — Rural citizens are open to discrimination by some telephone companies, House State Affairs Committee was told.

Witnesses from East, Central and North Texas testified at a hearing in favor of a bill to give commissioners courts or a state commission power to regulate rural area telephone rates.

Bill by Reps. Dick Cherry of Waco and James D. Cole of Greenville was sent to subcommittee.

**STATE PARK IMPROVEMENTS** — Nearly 100 piney woods residents jointly presented Governor Connally the report of the Big Thicket Park Study Commission.

Included were recommendations that an additional 2,000 acres be acquired for the Alabama-Coushatta Indian Reservation; that a 200-acre camping area be set aside immediately south of the reservation; that a 10,000-acre Big Thicket State Forest be created south of the camp area; that 15,000 acres be acquired and designated as a Wildlife and Wilderness Area; and that 90 percent of the Big Thicket country be retained for private uses, but kept in charac-

ter with the park project.

Texas Highway Department meanwhile announced plans to construct improvements on FM 1915 to make Caddo Lake more accessible to Northeast Texas residents. Project is part of the department program of working with local areas in developing recreational resources.

**CAR PROPERTY TAX BOOSTED** — Auto owners would have to show proof that they have paid their vehicle property taxes before they could get license plates under a bill approved by the House Revenue and Tax Committee.

Bill by Rep. John Traeger of Seguin, familiar to legislators from past sessions, now is on House calendar for debate.

**GAMBLING CURB OFFERED** — Proponents of legalized race horse betting have a rival in a proposed constitutional amendment sponsored by Rep. Rayford Price of Frankston to prohibit all forms of

organized gambling.

"The unfairer thing I ever saw to the little ponies," lamented Rep. V. E. (Red) Berry of San Antonio, perennial champion of horse racing.

**MEDICAL AID ADVANCES** — Bill to set up assistance payments for medical and hospital attention to persons over 65 who are not on the Old Age Assistance rolls is taking a speedy trip through the House.

Bill makes it possible for the state to take advantage more extensively of federal matching funds available under the Kerr-Mills program.

In the Senate, the bill probably will be held up pending action by Congress on new legislation for medical aid to the aged. Senate may write in provisions allowing Texas to participate in the newer programs before passing the bill. If this is done, then the final details would be worked out by a conference committee of members from both chambers.

PAGE FIVE

FEBRUARY BUILDING DOWN

Total building in Texas during February was eight per cent less than February of 1964. However, it was a five per cent increase over January.

Bureau of Business Research at University of Texas also reports that new residential construction of \$52,800,000 for the month was down 18 per cent from the same period last year. Non-residential building totalled \$47,600,000.

**SHORT SNORTS** — A bill to let county commissioners enforce speeding and littering laws on public beaches passed the Senate and went

to the House.

A proposed constitutional amendment by Sen. Grady Hazlewood of Amarillo which would have kept the state and local governments from interfering with discrimination in property sales died a quiet death as a Senate committee holding a hearing on it was confronted with a large group of opposing clergymen.

A Senate committee approved a bill by Sen. Jim Bates of Edinburg authorizing 18 per cent bank rates for loans up to \$12,000.

Senate approved four-year terms for governor and other statewide officials.

State government would go on smoothly if a third of the Texas Constitution were repealed, Rep. Carl Parker argued in support of bill to set up a Constitutional Revision Commission.

Proposal to change the name of East Texas College at Commerce to "East Texas State University" received final legislative clearance and was sent to the governor.

## Neinda Philosopher Doubts Man's Interest In Space Will Dampen His Interest In Himself

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 looks at one aspect of space exploration this week.

Dear Editor:  
During the flight of the two astronauts around the world which I watched from start to finish on television—I didn't use the occasion to take off from work because it was something special. I'm way ahead of most people. I didn't have to wait till space exploration arrived to take off from work, been doing it for years on my own—a television commentator came on and told how such exploits are widening the horizons of man and making earthly feats seem commonplace.

He seemed positive that the wonders of the earth are losing out to the wonders of space, that hitting an exact spot on the moon with a television camera-bearing rocket or maneuvering a rocket ship around in space and bringing it down where you want to will dampen man's interest in the ordinary things.

I'm afraid the moonbeams have gotten him.

As exciting as it is to see man explore space, a fire down the street will still outdraw a moonshot, a rain when you need it is more exciting than finding out how deep the lava dust is on Mars, a wreck still stops traffic on the highways, a fist fight in

the stands outdraws the playing on the field, sports are more fun than space, especially if you have a son on the team, and where's the man who wouldn't take his eyes off an orbiting rocket to pick up a five-dollar-bill fluttering on the ground?

Watching a man land on the moon will be over-powering excitement the first time it's pulled off, but from then on year after year watching the grass turn green in the spring will be more fun. An astronaut traveling six months to a distant planet will, after he gets there and looks around and reports his blood pressure, start wondering more keenly what his kids at home are doing.

Understand, I'm in favor of all this exploring, let's not stop, but is it true they're coming out next year with a car without a steering wheel?

Yours faithfully,  
J. A.

## Pied Piper Farms Enrolls Herd In Association Record Service

Kansas City, Mo. F. Barry Moore Hamlin Hereford breeder, has enrolled his herd of cattle in the Total Performance Records Service of the American Hereford Association. The announcement was made by the Association officials in Kansas City.

In expanding its service to Hereford breeders and to accumulate information for future research value in breed improvement, the American Hereford Association inaugurated a system of recording performance. The new Registry, which will be combined with the Association's present activity in evaluating the performance of herd sires through feedlot gain and carcass traits of their progeny, show ring records as gained through the Association's Register of Merit system, and its present pedigree registry, will round out the Association's "TPR" (Total Performance Records), a means of helping breeders gain more information and make it a matter of record in all phases of performance — total performance — of their cattle.

The traits measured and recorded in addition to show ring performance of off-spring are: Fertility (Calf Crop Percentage); Mothering Ability; Conformation as it contributes to Structural Soundness and Carcass Desirability; Rate and Efficiency of Growth and Gain When Applied to Available Feed; Carcass quality including proportion of

Preferred Cuts, and Longevity of Production.

The method by which breed improvement will continue remains that of good sound judgement in selection. Good records — complete and impartial — are helpful tools in identifying genetically superior cattle within a herd that has outstanding production ability. Factual information combined with sound judgement in its application will provide a basis for future breed improvement.

OLD GLORY...

by Judy White

Saturday, April 3rd, is Trustee Election Day. Old Glory School District will elect three trustees. Old Glory will elect three trustees. Only three names will be listed on the ballot. They are Oren Bladree and Jack Jones incumbents, and George Rhoads.

In the County Board election, Louis Spitzer in Precinct 1 and W. D. Thornton in Precinct 2 have both filed for re-election. Both are unopposed on the ballot.

Two interesting demonstrations are in store for the Old Glory Adult Homemaking classes, according to Betty Sadberry, the teacher. On Thursday, April 1, Mrs. Conner from Conner Nursery and Florist Co. in Haskell will give flower arrangement demonstrations. Then on the following Monday afternoon, April 5, Mrs. C. F. Clark of Stamford representing Merle Norman Cosmetics will give facial demonstrations. Visitors are welcome to come see the demonstrations or at other times. The class meets regularly on Thursday afternoons.

The Old Glory FHA hosted a Beehive Fashion Party in the Homemaking room on Monday, March 22. About twenty-five women attended. The party netted a commission of \$12.20 for the FHA Fund.

The Variety Club met in the home of Mrs. W. G. Wienke on March 23rd. Games of Bridge and 84 were played, and refreshments were served. Thirteen members were present.

The group made plans for the all day quilting held in the old Church of Christ building on March 30th. The quilt

is for a lady in Stamford. These ladies do custom quilting to raise money for the club treasury.

The next meeting will be in the home of Mrs. Lynn Flowers on April 13th.

Mr. and Mrs. H. G. Klump received news from their granddaughter, Mrs. Bill (Gayle) Kolb, and her husband who are stationed at the U. S. Air Force Base in Sembach, Germany, that the couple left March 26, for a trip to tour the Holy Land. They left by plane from Sembach to tour the following cities: Luxembourg, Jerusalem, Athens, Damascus, Jericho, Bethany, Samaria, Mt. Olives and other important places. They have reservations to stay at the Mt. of Olives Hotel, visit the place of Christ's Ascension, attend church for Protestants in the Garden of Gethsemane. They will see the Dead Sea which is 1297 ft. below sea level. It is 46 miles long, 9 1-2 miles wide.

They are to return April 1. This is a wonderful opportunity for the airman and his wife. The Kolbs went to Germany last summer to stay 3 years. Mrs. Kolb's parents are Mr. and Mrs. (Pete) Elliott, of Arlington, Texas, and his parents also live there.

Mrs. Dale Raney of Haskell and her sister, Hazel Trice, of Stamford were dinner guests Sunday in the home of their sister, Mrs. A. F. House and Mr. House.

Mr. and Mrs. Gene Linder and daughter, Tracey of Abilene, were dinner guests of Mr. and Mrs. Lynn Flowers Sunday.

V. R. Leverett and son, Jimmy, of Wylie School, were here Sunday. They attended church and visited Jimmy's brother's family, the Sandy Leveretts.

Mr. and Mrs. Morris Garner and her sister, Mrs. Willie Mae Fletcher, have been visiting the Garner's son and family, the Loy Zane Garners, in Abilene.

Mr. and Mrs. Dalton Gill and son of Flower Grove, near Ackerly were seeing friends here Sunday and were visitors at church. They are former residents of Old Glory.

Mrs. Bernice White and Judy were in Abilene last Saturday. They also visited the V. R. Leveretts and Mrs. Leverett's mother Mrs. Garland, also Mrs. Norma Ditzel and Mr. and Mrs. Jack Powers and Julie at Eula.

Tommy Letz, student at Texas Tech, is home for the spring holidays, visiting with his parents, Mr. and Mrs. Charlie Letz.

Kenneth Spitzer, student at West Texas State at Canyon, was also home visiting his parents, Mr. and Mrs. Garrett Spitzer, last week end.

Katie Gerloff has returned home from a visit with her son and family, the Cecil Ray Gerloffs, in Las Vegas, New Mexico.

Mr. and Mrs. Charlie Letz attended a Shriner's convention and Family Night in Wichita Falls last Saturday.

The members of the Senior Class and teachers in the Old Glory School were honored by the Junior Class last Saturday night at the annual Junior-Senior Banquet in the school cafeteria.

The theme was Evening in Paris. The speaker for the occasion, was Robert Scales from Hardin-Simmons, introduced by Jerry Johnston. Danny Letz welcomed the guests, Stanley Diers gave the response. Danny Lammert gave the prophecy and Merrilyn Flow the class will. "The Poodles" a group of Junior boys furnished the entertainment.

Mr. and Mrs. Roy Wienke of Lubbock were here last week end visiting relatives and friends. W. G. Wienke, Roy's father who has been in a rest home in Lubbock, came home with them for a short stay.

J. C. Gholson has returned home after a week's stay in the Stamford Memorial Hospital.

Mr. and Mrs. Beno Hertenberger visited their son and family, the Jerry Hertenbergers, in Abilene last Saturday.

Mrs. Mick Myers and her three daughters recently spent the weekend near Hamlin where Mr. Myers is employed by a trucking company.

Mr. and Mrs. Lando Newman of Amarillo were here last week end visiting Mrs. Katie Gerloff, Mr. and Mrs. Beno Hertenberger and other relatives and friends.

Mrs. Adele Dudensing has returned home after spending several weeks in Abilene with her daughter and family, the Charles Goddards, while Mrs. Goddard was recovering from an operation.

Mrs. J. C. Gholson and Mrs. George Moore accompanied a group of Luther Leaguers from St. Paul Lutheran Church, Sagerton, to a Camp Chrysalis Bible Camp Rally hosted by Grace Lutheran Church in Abilene. It was a promotion for Lutheran Camp Chrysalis featuring Chuck Knibbe, a student at Texas Tech and a counselor at the camp.

Three members of the Hamlin Business and Professional Women's Club attended the Musical Tea in Stamford Sunday afternoon presented by the four clubs of the Woman's Forum. Attending were Miss Lennie Greenway, president, Mrs. Ethel Allan, and Mrs. Opal Smith. The program, held in the annex of the First Baptist Church honored Texas musicians. Mrs. George Kinney the former Doris Pope of Hamlin, is the Stamford Forum president. Carbon arc welding was invented in 1885.
